Pre-Conference Taxonomic Workshop

Characterizing the marine annelid fauna of Oman and Timor Leste

20–24 July 2026

**Museum der Natur Hamburg
Hamburg, Germany**

This workshop will gather taxonomic experts to characterize novel annelid species diversity from Oman and Timor Leste with recent expedition material in the ZMH Annelida collection.

Financial support for flights and lodging costs in Hamburg during the workshop will be provided thanks to a generous sponsorship by the Senckenberg Ocean Species Alliance (SOSA).

Apply here:

<https://forms.gle/Ab1i4pvXRf6FH5sr8>

Please note:

This workshop is intended for established taxonomic experts and not for training. However, advanced students are encouraged to apply.

Workshop space is limited. Participants will be selected competitively.

Workshop participants are expected to attend IPC15 in Frankfurt.
